Banking & Finance Attorney Con Chapman was published in Tax Notes, Taxable Health Savings Accounts: A Self-Fueled Vehicle to Universal Coverage, with contribution from Attorney Elizabeth Greene. In the article, Con argues that the exclusion of employer-sponsored health insurance from workers’ taxable income should be repealed.

“Folk wisdom tells us not to change horses in midstream, but after a half century of increasingly poor returns, the ESI exclusion, like the old grey mare, ain’t what it used to be, and should be put out to pasture,” he says.
