

Industry

Cannabis

With extensive experience working in highly regulated industries, Mirick attorneys help navigate clients through the unique issues associated with legalized cannabis.

- Financial institutions and private lenders evaluating opportunities with cannabis establishments
- Entities seeking financing from financial institutions or private lenders
- Property owners developing or leasing sites for cannabis operations
- Municipalities regulating cannabis establishments at the local level and negotiating host community agreements
- Employers dealing with cannabis issues in the workplace
- Cannabis operators seeking state licenses, local permits, and intellectual property guidance
- Insolvency issues associated with cannabis establishments and their creditors
