Mirick Advises Medical Entrepreneurs in Acquisition of Distraction Brewing Co.

October 30, 2025 | In The News

Mirick is pleased to announce that we represented a group of medical professionals in their successful acquisition of Distraction Brewing Co., a craft brewery located in Roslindale.

This unique transaction highlights the entrepreneurial spirit of our clients as they transition from healthcare to the craft beverage industry. Attorneys Zach Luczyk and Jeff Swaim provided comprehensive legal counsel, including corporate structuring, due diligence, contract negotiation, and regulatory guidance tailored to the alcoholic beverage sector.

We congratulate our clients on this exciting new venture and are proud to support their journey into the craft brewing industry.

If you have questions about business acquisitions or navigating regulations in specialty industries, please reach out to Zach Luczyk, at zluczyk@mricklaw.com
