Estate Planning

Our attorneys provide individuals and families with sophisticated advice on a wide variety of estate planning and wealth transfer issues. In each case, we tailor our estate planning solutions to address the particular needs of the individual or family.

The clients we represent come from a variety of backgrounds: from principals of closely-held businesses facing succession and liquidity planning issues to executives at public companies, from families just starting out and concerned about guardianship issues to families with mature children and concerns about aging parents, from single-parent families to same-sex-parent families, and from families faced with nursing home and health care issues to families with a non-citizen spouse facing sophisticated international and federal estate tax issues.
