

Mercedes Erickson, PMP

eDiscovery Specialist

📞 Direct: 508.860.1412

✉️ merickson@miricklaw.com

Overview

Dependable, reliable, organized, and conscientious are terms used to describe Mercedes. She is a certified Project Management Professional (PMP).

As Mirick's eDiscovery Specialist, Mercedes plays a central role in managing all phases of the electronic discovery lifecycle across a range of litigation, regulatory, and investigative matters. She works closely with case teams, clients, and outside vendors to ensure efficient, defensible, and cost-effective discovery practice.

Mercedes focuses on eDiscovery strategy and case support; preservation and collection of critical documentation; data management; document review and workflow; document production and compliance; vendor and project management; administrative and operational support; and training for both attorneys and professionals on eDiscovery tools, workflows, and best practices.

She previously worked at Mountain Dearborn as a paralegal and most recently served as the Project Management Lead in the Investigations & Enforcement Division of the Massachusetts Cannabis Control Commission.
