Overview

Randy's role as Manager of Client Financial Services is integral to the profitability of Mirick. He is responsible for the day-to-day operations of the firm's client financial services, including cash management and client credit approval.

His team works closely with attorneys and legal support specialists to ensure the timely execution of client billing and administers financial management strategies for collection of account receivables.

Firm management relies on Randy's critical analysis and reporting to assist with financial projections.

With over 30 years' experience in financial management, Randy has held management roles at Data General, Motorola, and Texas Instruments. He also was previously an Independent Oracle Consultant implementing financial software.
